ADVANTAGE

BENEFIT

Pilot and burner flame safety for open top burners, thermostatic griddles and oven bases

→ *Ceases gas flow if standing pilot is extinguished.*

→ Provide peace of mind that gas flow will cease after any unexpected pilot outages.

Press-n-Click Piezo Ignition System

→ *No external electrical source, plug or battery required.*

→ Allow ease of use with simple, intuitive controls.

Shielded Pilot System located under grates

→ *Pilot and igniter are protected from range top spillovers.*

→ Provide increased reliability. No need to stop production, clean and re-light pilots.

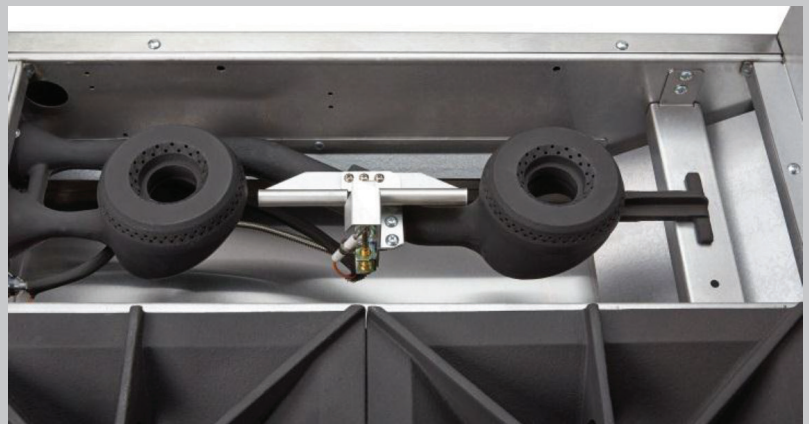

Available for all open top burners and thermostatic griddles

→ *Multiple configurations available:
12" - 72" open-top burners
24", 36" thermostatic griddles*

→ Flexible platforms available to meet your menu requirements.

Press-n-Click Piezo Ignition

Shielded Pilot Igniter System
